

This is the photo of our school seen outside.
In front of it there is a spacious car park and lots of greenery.

These photos show the view from our classrooms' windows. As you can easily notice there is a breathtaking lake nearby and everyone may enjoy the wealth of nature during the walk.

Next to the main building there is a modern sports hall.

The inside of the sports hall. It consists of a big space to exercise and four sectors to sit. This hall is used to sports competitions.

Next to our school there is a huge football pitch and basketball court. We can also come here after the lessons.

What needs to be added is that our school has collected plenty of various cups and medals in sport. Here is a photo of our achievements.
